EDUCATION

- **B.Sc. in Computer Engineering | Politecnico di Torino (PoliTO)| Italy | Sep 2023 – Oct 2026**
  TOPoliTO Merit Scholar | Awarded prestigious three-year scholarship for top international students based on outstanding admission exam performance, requiring continued academic excellence
- **Bahcesehir High School for Science and Technology | Turkey | Sep 2019 – Jun 2023**
  Bahcesehir Merit Scholar | GPA: 98.93/100

EXPERIENCE

- **Curricular Intern | Istituto Nazionale di Ricerca Metrologica (INRIM) | Italy | Feb 2026 – May 2026**
  Performing data evaluation and digital signal processing to support measurement accuracy
  Developing and testing software tools used in waveform analysis
  Contributing to research activities in power quality and time-varying signal analysis
- **Machine Learning Trainee | MALTO (MAchine Learning @ PoliTO) |Italy | Nov 2025 – Present**
  Selected trainee in PoliTO's machine learning team guided by researchers
  Currently training in Python-based data analysis and machine learning fundamentals
  Preparing for research-oriented projects and technical challenges
- **Researcher | Ker (PoliTO) | Italy | Mar 2025 – Present**
  Organizing outreach events and creating educational content to promote math awareness among students and the public

SELECTED PROJECTS FROM GITHUB

- **NYC Public School Test Scores |** Analyzed educational datasets using Pandas to identify performance patterns and trends
- **Netflix Movies Analysis |** Conducted exploratory data analysis and visualizations in Python
- **Nobel Prize Winners Visualisation |** Developed historical data visualizations using Seaborn
- **Soccer Match Hypothesis Testing |** Applied statistical analysis and hypothesis testing techniques
- **Calorie Intake Calculator |** Developed a modular Python OOP application with unit testing

CERTIFICATIONS & PROGRAMS

- **DataCamp Certificates |Online | Jul 2025 – Sep 2025**
  Python Developer | Data Analyst with Python | Java Fundamentals | GitHub Foundations
  Built a strong foundation in Python programming, data analysis, visualization, and Git-based workflows through hands-on projects
- **WomenTOring Program Mentee | Torino Città per le Donne | Italy | Sep 2024 – Mar 2025**
  Strengthened professional communication, self-awareness, and leadership skills through structured mentorship
- **Aspire Leaders Program Certificate** | **Aspire Institute Inc. | USA | Aug 2024 – Nov 2024**
  Developed leadership mindset, critical thinking, and a global professional perspective
- **IELTS Academic Certificate | British Council | Overall 6.5**

SKILLS

- **Programming & Tools**
  Python (NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn, Requests, PyTest) | Java | C | SQL | MySQL | MATLAB
  Git | GitHub |Linux
- **Core Competencies**
  Object-Oriented Programming (OOP) | Data Analysis & Visualization |Web Scraping | Unit Testing |Version Control |ETL Fundamentals
- **Language Skills**
  Turkish (Native) | **English** (Proficient) | **Italian** (Intermediate) | **German** (Basic)

EXTRACURRICULAR ACTIVITIES & AWARDS

- **Violinist | Legato Art Academy Orchestra | Turkey | Sep 2010 – Jun 2023**
  Performed as a violinist in an orchestra over 13 years receiving awards, developing discipline and performance under pressure
- **Licensed Volleyball Player | Bahcesehir College Sports Club | Turkey | Sep 2015 – Jun 2023**
  Competed in tournaments achieving team victories, strengthening teamwork and resilience
- **Traveller**
  Visited 37 countries, developing intercultural adaptability, global perspective, and effective communication in diverse environments
